I declare that the following statement is made of my own free will without any promise or hope of reward, without fear of threat or physical harm, without coercion, favor, or offer of any favor without leniency by any person or persons whomsoever.

I was returning home around 2:30 PM on 3/25/17. When I stepped out of my car in my driveway and heard the sound of a prop plane that sounded closer to the ground than usual. I looked up and at first the plane was obstructed by a large pine tree. At the moment that I looked up, I heard two cracks and the sound of the engine racing. At that moment I stepped toward the road to be able to see around the tree. The first thing I saw was a wing that was spiraling down and some other small debris around the wing. I then was able to make out the main body of the plane falling while still moving in an easterly direction. The body of the plane was falling bottom first with the nose slightly pointed down. I watched the descent until it disappeared behind the tree line/horizon.

I have read this statement consisting of page(s), and I affirm to tell the truth and accuracy of the facts contained therein.

On Saturday 3/25/17 I was in my driveway around 2:15-2:30
trying to pull my ATV in the basement when I heard 2 "pops" or "bangs"
that were a few seconds apart. My neighbor Jeff Allredge said "did
you see that?" I did not because my ATV was running. He pointed
up at the sky and said that airplane broke apart. When I looked
up I saw a wing tumbling towards the ground and various other small
debris. Jeff Allredge said the wings "came off." I did not see the
fuselage or the main body of the plane, only 1 wing and small debris.

I have read this statement consisting of 1 page(s), and I affirm to tell the truth and accuracy of the facts contained therein.
