I, Mark Horan, give this statement to Detective Roberts of the East Windsor Police Department of my own free will and without any threats or promises having been made to me.

On Tuesday April 18, 2017 at approximately 6:30pm-6:45pm, I was at my airplane located at the hanger which is immediately adjacent to E-24. While at my hanger, I noticed that the Luscombe 8A, which is normally next to my plane, was on the taxi way to starting point 10. Once the plane was at 10, I could no longer see it, but could hear the engine. The plane was at 10 for a few minutes before I heard the engine "run up". At that same time, I used my cell phone to call Bradley International Airport Weather Service. I received a weather report at that time of winds 180, 14 knots gusting to 18 knots. I decided not to fly because it "Just wouldn't have been fun", not because I considered it unsafe. I was located just before the mid point of the runway. As the plane began to take off it passed by my location and sounded to be running at full power and "normal". The plane appeared to be at the "right" altitude for taking off. There was nothing about this take off that appeared to me to be irregular. The plane was "nice and steady taking off".

I have read this statement consisting of _____ pages and affirm to the truth and accuracy of the facts contained therein.
