Date: Friday, August 18, 2017 12:02:17 PM

Dan,

Here's my initial Statement ;

N747CB An LAKE LA-4-200 S/N 754 while taxing back to owner hanger from landing pilot/owner loss control turning the aircraft which resulted in the aircraft traversing though a ditch coming to rest in a drainage canal. When the aircraft enter the Drainage canal the right wing was damage which resulted in substantial damage to the Aircraft.

Please let me know if you need anything else

Thanks

Cory Best
