NARRATIVE HISTORY OF FLIGHT <i>(Please type or print in ink)</i> Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible. I departed ISO app. 9:30 AM for local flight. Left tank stuck app. 9 gallons, Right tank stuck 12.5 gallon (Full). App. 20 minutes out I experienced complete loss of power. I was at app. 2,400 msl and heading NE. I immediitly began looking for a landing spot and made my selection and set up for this. First contact was hard and I went thragh a fence hence down a steep ravine where I finally came to rest. I shut down the master switch, fuel, radio and ignition and departed the aircraft through the right side. I crawled toward visible powerlines and got within sight of a road to signal for aid.
