Dear Mr. Monville:

This letter confirms that I was present on November 28, 2017, as a member of the team that examined an accident aircraft at Dare County Regional Airport (MQI) in North Carolina. The accident had occurred on 10/18/2017, and involved aircraft N400LE, a Beechcraft A24R.

Team members present for the aircraft examination were: Larry Bass – FAA; Henry Soderlund – Textron Aviation; David Daniels – MQI Airport Director; and, Andy Rosman – mechanic at Barrier Island Aviation.

Textron's Henry Soderlund thoroughly examined the aircraft, photographed applicable evidence, and recorded detailed notes concerning the factual observations. I have reviewed Mr. Soderlund's photographs and field notes, and I concur with his factual observations.

Sincerely,

Larry E. Bass
Aviation Safety Inspector
