Place: Statesville Regional Airport
(SVH)

Examination date: 11/18/2017

Subject: Airframe examination
summary

In a telephone conversation with the the FAA inspector Eric Newsome, he said that during the examination of the airplane he did not see any anomalies with the flight controls of the airplane. He went on to say that the airplane came to rest on the egde of the taxiway. All three main landing gears were broken and the fuselage was buckled. The airplane was removed from the taxiway and relocted to the parking ramp. Since the pilot reorted a loss of enigne power it was decided tha when the airplane was recovered to Atlanta Air Recovery it would be further examined.
