Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

No damage to other property.

Aircraft has fire damage to rotor brake area.

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On 12/15/2017, the helicopter departed Marathon, FL Airport (KMTN) at 0637 on a helicopter air ambulance flight to pick up a trauma patient (stab victim) at Coral Shores High School in Islamorada, FL.

Coral Shores HS is one of our pre-surveyed landing zones under the Islamorada Fire Department.

They landed at approximately 0650.

As prebriefed, the pilot went to ground idle and applied the rotor brake to bring the rotor system to a stop before the medcrew deplaned. After the medcrew reached the ambulance, the flight nurse noticed dark smoke then flames coming out of the main rotor gear box area.

At about the same time, the pilot noticed No.1 engine N1 and T5 fluctuations and shut down the No.1 engine. He then heard the flight nurse shouting that he was on fire. He noted that he had no cockpit indications of a fire. He shut down the No.2 engine and partially exited the aircraft. Noticing flames, he reached back into the cockpit, pulled both fire T-handles and discharged both engine fire bottles. He then egressed the aircraft.

Our flights are dispatched by the Monroe County 911 system. Landing zones are set up by personnel from Monroe County Fire and Rescue, Marathon Fire and Rescue, Islamorada Fire and Rescue or Key Largo Fire and Rescue.

This LZ was set up by Islamorada F&R with an ambulance and a fire engine present.

The flight paramedic on this flight is also a Monroe County fireman. He called the fire engine closer to the aircraft and using a fast attack water line, extinguished the flames.

The trauma patient was never onboard the aircraft. He never exited the ground ambulance. He was transported from the scene by the ground ambulance.

There were no injuries to anyone.

There was no damage to any property other than the aircraft.
