Hi Paul,

Yes, the pilot appears to have requested a briefing for the flight MYLS to KFPR, Departing Mar 31, 1300Z, in conjunction with filing a flight plan for the flight using ForeFlight Mobile.

Here's a link to the briefing: <https://s3.amazonaws.com/cdn.foreflight.com/weather/prod/pngb/briefs/5edcc4c1-176a-4b04-b924-157413250728.html>

On March 27th the pilot also accessed Weather Imagery using the app. They viewed these 3 Weather Imagery products (NOTE, these are links to current examples of the Imagery they viewed, NOT to the actual Imagery they saw on that date. We do not archive Imagery)
