NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

At approximately 11:45 on June 25, 2018 at KEXX I made a good two point wheels landing straight down the runway. Shortly after I lowered the tail wheel the aircraft started to drift to the right. Thinking that I was slow enough I applied the brakes to avoid going off of the runway. The over efficient braking system resulted in the airplane nosing over. The airplane stayed intact.
