I'm Debra J. Groome I work at Louisa County Airport for the FBO.

AT APPROX. 2-2:30 pm Sunday afternoon, I was inside FBO. It was very busy and I heard the aircraft TAKE OFF AND IT WAS LOUDER THAN I'VE HEARD IN the past. IT LEFT the airport and SHORTLY thereafter, I heard across the radio "Oh, GOD DAMN IT", then NOTHING MORE. I went OUTSIDE LOOKING TO SEE IF SOMETHING OCCURED OUTSIDE. UNFORTUNATELY, THAT WAS THE LAST TRANSMISSION.
