

Memorandum For Record

Timothy W. Monville
Sr. Air Safety Investigator
Eastern Region

Date: June 1, 2020
NTSB Accident Number: ERA19FA060

On May 27, 2020, at 1349 EDT, FAA inspector L. Pete Kelley, of the Federal Aviation Administration (FAA) sent NTSB an e-mail regarding his oversight of the turbocharger examination and/or operational testing and review of Honeywell's report. The e-mail verbiage is copied below:

"Hello Mr. Monville,

Please accept this email as confirmation that I was present and observed the teardown of the Turbochargers for accident ERA19FA060.

To the extent of what I witnessed I concur with Honeywell's report.

Kind regards,

L. Pete Kelley, ASI
