

RECORD OF CONVERSATION

Timothy W. Monville
Sr. Air Safety Investigator
Eastern Region

Date: February 25, 2020
Person Contacted: Deputy Vaughan and Corporal Charles Beaird
NTSB Accident Number: ERA19FA170

Narrative:

Deputy Vaughan and Corporal Beaird of the Collier County Sheriff's Office were interviewed at the accident site on May 11, 2019; the time was not recorded. Deputy Vaughan provided a cell phone of [REDACTED]

Deputy Vaughan advised that on the date and time of the accident he and Corporal Charles Beaird of the Collier County Sheriff's Office were on a traffic stop at Green and Sunshine Boulevard, or about 1,900 feet east-southeast of the accident site. Deputy Vaughan reported that he heard a loud sound then a "thud." He looked up and saw something like Christmas tinsel floating. He never saw the airplane. He did not hear any "clunking" sound from the engine(s). He thought the tinsel was silver in color. Corporal Beaird reported he too heard a thud sound which he thought was a truck passing over a road, and he did not see the airplane. He did not hear any "sputter" sound.

The digest was reviewed with them during the interview and they agreed with the content.

RECORD OF CONVERSATION

Timothy W. Monville
Sr. Air Safety Investigator
Eastern Region

Date: February 25, 2020
Person Contacted: Nicholas Brower
NTSB Accident Number: ERA19FA170

Narrative:

Mr. Nicholas Brower was interviewed at his home on May 11, 2019, at 1839 EDT. He provided a cell phone of [REDACTED] and an e-mail address of [REDACTED]

The airplane crashed at [REDACTED] Naples, Florida [REDACTED]

According to the property owner, he and his family were home at the time of the accident; his children were in a room sleeping immediately adjacent to where the airplane impacted. He heard the noise from an airplane getting closer, swoop over his house, then he felt their house shake. He went outside and grabbed a fire extinguisher. He estimated that he heard the airplane for 8 to 10 seconds, and during that time he did not hear any abnormal sounds, and he did not hear any sputtering. He equated the sound to be similar to what he heard from mosquito control flying.

The digest was reviewed with him during the interview and he agreed with the content.
