Annual Date: 4-20-18
Tach: 3846.70
Total: 3846.7
SMOH: 318.50

Looks like it flew 110 hours between annuals.

Our first annual on the aircraft, prior 4-5-2017 we did the gear in repairs, however Dirk annualized it at that time.

No other entries from us. Not even an oil change.

Steve, I forgot to ask:

Before you put those records in the box, can you give me the date of the last annual? And the TT on the airframe on that date?

If you did maintenance subsequent to that, can I have that date and time as well?

I need the info for my preliminary report.

Thanks,

Brian
