I introduced my self by name and title. I told Mr. Storm that I was glad to hear that he was okay or if he was hurt. I stated that I went and looked at the aircraft, took some pictures and I wanted to get some preliminary information from him.			
Mr. Storm stated "I have kind of been advised not to talk to anybody about it. I would be glad to share that with you at some point. But eh, I have been told by an attorney that may have to happen in a couple of days. I am not really sure when. I am calling my attorney today to see what he says. I would be willing to talk"			
Inspector Meyer introduced himself by name. He requested copies of his certificate and medical by email. Pilot hours, total time, total time in type, time in the last year and time in the last 90 days. Any training, wings, cirrus. Mr. Meyer requested any dates of training.			
When asked if he was the owner he replied "no". I asked him if he knew who the owner was for release of the aircraft. He replied "I will have to get you that information."
