

NTSB RECORD OF CONVERSATION

Lynn Spencer
Aviation Investigator
Eastern Region, Office of Aviation Safety (ERA)
National Transportation Safety Board

Date: 12/5/2019
Person Interviewed: Inspector Dan Merrell, FAA
NTSB Accident Number: ERA20CA048

The following is a summary of a conversation that occurred with the above-named individual:

- Inspector Merrell stated that he has photos as well as the NTSB Form 6120 that he will send me.
- He stated that he inspected the airplane on December 4, 2019.
- He noted oil canning on the skin and delamination at both wing spars.
- He checked all the maintenance records for the airplane and noted that they looked good and he had no concerns about them.
- He stated that he confirmed continuity of all flight controls.
- He stated that the pilot reported no preaccident mechanical failures or malfunctions with the airplane that would have precluded normal operation.
