**Date:** 11/1/19  
**Subject:** ERA20FA003, N2651G, Pembroke Pines, FL 10/5/19  
**Contact with** Brian O'Donnell

---

On October 7, 2019, an attempt was made to interview the pilot receiving instruction, Brian O'Donnell, at the Memorial Regional Hospital in Hollywood, Florida. At that time, the seriously injured pilot was in grave condition and unavailable for interview. His subsequent rehabilitation activities prevented an interview throughout October 2019. Email inquiries from the NTSB and FAA through November 1, 2019 were not answered.

FAA Inspector Brian Hahn retrieved the attached Resume for Mr. O'Donnell.
