

NTSB RECORD OF CONVERSATION

Adam Gerhardt
Air Safety Investigator
Eastern Region, Office of Aviation Safety (ERA)
National Transportation Safety Board

Date: 10/15/2019

Person Contacted: Patrick Argenziano (Operations Lineman, Linden Airport, NJ)

NTSB Accident Number: ERA20FA020

Narrative:

The individual named above was interviewed over the telephone in regard to the accident involving N959MJ, Colonia, NJ. The following is a summary of what he reported:

- During his shift at the airport, he had a communications radio with him all morning and continuously monitored it.
- He received no radio calls from N959MJ and heard no “clicks” around the time of the accident on the common traffic advisory frequency at Linden Airport (LDJ).
- He reported that every morning, he would check the runway end identifier lights, taxiway lights, and runway lights via the pilot-controlled lighting frequency. He reported that the lights functioned as expected.
