**National Transportation Safety Board**

---

**Date Interviewed: 10/30/2019, 0930 EDT**  
**Person Interviewed: Frank Grossman, witness**  
**NTSB Accident Number: ERA20FA020**

---

The following is a summary of a conversation that occurred with the above-named individual:

- Mr. Grossman was traveling west on Berkley Avenue in Woodbridge Township, NJ, returning to his home on Columbia Avenue.
- He heard a loud noise which was getting louder and louder coming up behind him.
- He stated that he was “half-deaf and the noise was extremely loud.”
- As he slowed his vehicle to turn right onto Columbia Avenue, the noise was on his left, and he looked out his car window and saw an airplane.
- He stated that the airplane was about 80 feet above the ground, traveling west and banking left about 45°. He noted that the airplane had two engines and some blue on it. He did not notice any landing gear extended.
- He said that the engines were “screaming” and that he heard no sputtering or misfires.
- He witnessed the airplane strike a tree, and he heard a loud “snap” and then the airplane hit the house.
- He stopped his vehicle and approached the house, and the police arrived shortly thereafter.
