

MEMORANDUM FOR RECORD

Todd Gunther
Air Safety Investigator
Eastern Region

Date: June 17, 2022
Subject: NTSB Request for Airman and Surveillance Records
NTSB Case Number: ERA20LA094

On April 12, 2022, as part of the investigation into the accident involving N970TC, the NTSB submitted an investigative support request to the Federal Aviation Administration (FAA), for any Program Tracking and Reporting Subsystem (PTRS) operator/airman surveillance records for Sunrise Balloons Miami LLC and the pilot.

The FAA fulfilled the request by providing the NTSB with electronic copies of the documents they had produced on April 14, 2022, and June 14, 2022.

Review of the provided PTRS records indicated that no surveillance of either the operator or the pilot had occurred prior to the the accident, which occurred on January 19, 2020.
