DIGEST I called Mr. Wolf as per his request, because he said that he had some information about the airplane accident the previous day. Mr. Wolf explained that the reason he wanted to speak to me was because he wanted to make it clear that he did not gave Mr. Hutton (PIC) any instruction in the airplane (Pitts-12) nor did he sign him off. He stated that the deceased's wife called him asking to verify/confirm that he gave his late husband flight lessons in the airplane, and that he had received a full check out. He told her that he never gave him lessons/check out in the airplane. It was only a ferry flight. He then proceeded to explain what happened... Mr. Hutton bought the airplane and it needed to be moved from Leesburg airport to Leeward air ranch. He hired Mr. Wolf to do so and they had agreed to meet at Leesburg airport. When they met Mr. Hutton decided that he was going to ride in the airplane for the 15 minute ferry flight. Mr. Hutton was at the controls, "he was all over with the rudder during the takeoff". He offered Joe to go do "rolls, loops and spins" but Mr. Hutton didn't want to. They arrived at Leeward air ranch and did one landing followed by one loop around the pattern for another landing. After landing Mr. Wolf asked Joe if he wanted to more instruction but Joe declined, "Joe was arrogant, and he said I know how to fly an airplane and you are too expensive"															
CONCLUSION, ACTION TAKEN, OR REQUIRED Mr. Wolf wanted to make sure that we (the FAA) understood that he never gave instruction or a sign-off to Mr. Hutton as his wife claims. Mr. Wolf believes this is the first time Mr. Hutton took passengers with him. Mr. Wolf is willing and available to talk to the FAA or NTSB at any time.
