SUBJECT Aircraft Accident N112JH at Lake Weir, Florida 08/09/2021		
DIGEST Aviation Safety Inspectors Maitely Santiago and Ahmed Caballero-Sanabria arrived at the scene at 1700. At 1705 ASI's met with Detective Pinder and Detective Barlett from Marion County Sheriff Office. The following discussion took place. Small Single engine aircraft N112JH crash into the lake at appoximate time on 1334. The aircraft departed Leeward Air Ranch FD04 around 1200pm for a 60 to 90 minute aerobatic flight according to the family members. In addition the family members stated the they were 2 occupants, both pilots and next door neighbors. On a witness video shown to the investigating ASI's you can hear the voice that one of the occupants ejected out of the aircraft. Local law enforcement stated that the body recovered was from Joseph Hutton the Pilot and Aircraft Owner. He is the one that ejected the aircraft prior to impact but his parachute did not open. Divers were still searching the area for another possible victim. Divers found the wreckage at an approximate depth of 10 to 15 feet but was sinking into the mud. The second victim found pinched in the wreck was identified as Scott Douglas Bingham. The divers from Marion County Sheriffs Office were unable to retrieve the body of the second victim at that time. ASI was informed that Fire Rescue will retrieve the body once they tow the wreckage to the boat ramp.
