Email Report Instructions:

The narrative and attachments from this email report may be used in other reports at the discretion of the IIC. This email, including attachments (if applicable), should also be placed in the docket by the IIC.

Email Report:

The Vehicle Recorder Division received a Garmin GNX 375 (S/N: 5GJ003247). The device sustained impact damage (IMG_0364.jpg, IMG_0367.jpg, IMG_0369.jpg) rendering it inoperable. The device was received with a 2GB SD card (IMG_0370.jpg). A review of the contents of the SD card did not reveal any historical flight data, thus, no accident-related data were recovered.

Prepared by:

Gerald Kawamoto, Recorder Specialist NTSB RE-40
