Office of Aviation Safety - Eastern Region

Date: 1/6/2021 @ 1400 EDT
Person Interviewed- Paul Grant – mechanic
NTSB Case Number: ERA21LA096

Narrative:

Mr. Paul Grant was interviewed by telephone

Mr. Grant stated he is an A&P, IA mechanic. He stated he looked at the airplane after the accident and found that the return spring on the right brake pedal was missing and both brakes had some rubbing at the wheel cylinders from the cable to pin connections. Everything else looked okay.
