

RECORD OF INTERVIEW

Daniel P. Boggs
Air Safety Investigator
National Transportation Safety Board
Office of Aviation Safety - Eastern Region

Date: 4/13/2021 @ 1550 EST
Person Interviewed- Robert Perez – Pilot/CFI
NTSB Case Number: ERA21LA164

Narrative:

Mr. Robert Perez was interviewed by telephone.

Mr. Perez stated there were no mechanical problems with the airplane at all, they flew all day, and on this take-off, a gust of wind caught the airplane and blew it off to the side into a grass area. The nose gear sheared off and they slid to a stop. No injuries. The pilot is from Tahiti and the airplane was borrowed, he has no information about the airplane or who it belongs to.
