

MEMORANDUM OF RECORD

Eric Alleyne
Air Safety Investigator
National Transportation Safety Board
Office of Aviation Safety - Eastern
Region

FAA Inspector: James Leslie

Date: 8/2/2021

**Aircraft: N327TT Amateur built/
weight-shift**

**Subject: Email notes of accident
investigation event**

A review of an email sent to the NTSB IIC, revealed that the pilot told the FAA inspector, that he had an engine failure and was trying to land. The pilot stated that that he touched down and somehow the engine started which propelled them into the trees.

The pilot was sent a NTSB 6120 accident form to fill out and return. The pilot elected to send the form to the FAA inspector. After review of the 6120 forms, the pilot stated on the form that he made an error and used the foot throttle instead of the brakes.
