

MEMORANDUM FOR RECORD

Brian C. Rayner
Senior Air Safety Investigator
Eastern Region

Date: September 23, 2021

Person: Michael J. Floriani – FAA Inspector

NTSB Accident Number: ERA21LA351 Philadelphia, PA

Subject: Piper PA28, N5166S

Narrative:

Inspector Floriani and two of his coworkers performed on-scene and follow-up duties regarding the accident cited above.

Inspector Floriani interviewed the pilot of the accident airplane, Dr. Jivanbhai Patel, by telephone and summarized the conversation in an email that was part of a lengthy chain. The digest of that email was excerpted from the chain and attached below.

Brian,

Just got off the phone with the airman. He stated there was nothing wrong with the plane. The vibration he experienced was the stalled wing.

Hope this helps.

Regards,

Michael J. Floriani
