

Eric Alleyne
Air Safety Investigator
Eastern Region Aviation

Date: April 22, 2022

Subject: ERA22FA199/ Previous Owner Statement

Contact: Bruce Nixon / Previous Owner N84GR

The text below is a statement from the previous owner, recalling the events of the sale.

"Edwin had purchased the plane and made a deposit on Friday April 15th and he was aware the plane was not in annual. Edwin coordinated with a mechanic to get a ferry permit back to Georgia. Edwin flew commercial to Lubbock TX on Wednesday morning and then him and the pilot got an Uber to our local airport (KPRZ) where I met up with him. They inspected the plane he gave me a cashiers check and I signed a bill of sale. They loaded the log books got fuel then flew to Georgia. Edwin texted when they landed and told me the plane was amazing and the autopilot practically flew the whole way. Edwin also told me he needed me to walk him through the pressurized part. He never got back with me than I heard about the accident."
