NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Joshua Pritchard/98ZA departed KCDW at approx 1145AML from A/N taxiway, destination was the General Aviation Terminal at KJFK. 98ZA Departed eastbound after takeoff, he checked out with KCDW tower. The pilot contacted KTEB tower and transitioned east bound along Route 3. Aircraft passed Metlife stadium and was checked out from KTEB tower for the Hudson River Exclusion. He contacted KTEB tower and requested to return to KCDW prior to joining the Hudson river. KTEB tower asked if he needed assistance and he said no, everything is ok. He turned around and proceeded to return to KCDW. Pilot Contacted KCDW tower and requested a runway. Subsequently he was assigned runway 28. The aircraft cockpit recording shows a warning light enunciated on final to RWY 28 into KCDW. The pilot appears to have attempted to go around while on final. The nose of the aircraft lowers slightly and upon application of go around power the nose begins to rotate to the right. As the aircraft rotates clockwise its forward speed reduces and the rotation velocity increases. Subsequently the aircraft begins to descend. As the vertical descent rate increases it appears that the pilot rolled off the throttle. The aircrafts rotation ceases, and the descent rate simultaneously increases. The aircraft impacts surface and sustains catastrophic damage. The aircraft impacted North of Runway 28 traveling West prior to Papa taxiway and RWY 22. (Diagram Attached)

This history was composed by the Chief Pilot for the operation as the pilot has been incapacitated.
