Aerobatics

Miroslav "Micho" Velickovich loves Speed! Born in Peru in South America in 1961, Micho is also a true adrenalin junkie! A former Peruvian Motocross and Road Racing Champion having raced for Suzuki, Honda and Ducati worldwide.

Since the very beginning, Micho has gone on to gather an impressive competition record flying aerobatics and has finished strongly in every competition he has entered since 2010. This is Micho's 11th year flying in aerobatics around the world and he is ready to stun and entertain audiences with exciting performances

Micho began flying at early age but began his aerobatic recently in 2008 when he purchased his first Pitts Special S2B aircraft. He has owned several aircraft including a Giles 202, MXS-R, Team Rocket F1 and 2 different MX2's. His current MX2 was built by the MX Aircraft Co for Nigel Lamb and the Red Bull Air Races. This particular MX2 was the first MX in the RBAR Series. It has a very clean designed that makes it very fast. It has a highly modified 340+ HP Lycoming engine and an MT Propeller.

The different MX Aircraft models are the current choice of all top aerobatic airshow and competitors around the world.

Micho's career does not stop at airshows. Besides being a certified Pilot, he is also a FAA Certified Technician. Micho, is also the Vice President of Sales and Marketing for Aviation Marketing Group and the MX Aircraft Co.

Micho aspires to be the best he can be at what he does! He wants to thank each and all of you for giving him the opportunity to showcase his flying abilities in front of a demanding crowd.

The official sponsors for 2020 are Aviation Marketing Group, MX Aircraft Company, Wyman Aviation and Icaro 2000 Helmets.

Micho is fluent in Spanish and English. You can follow him on Facebook (Micho Velickovich Aerobatics) and Instagram (acromicho)

If you see Micho walking the crowds, please stop him and say hello! Micho loves his fans!
