

RECORD OF INTERVIEW

Daniel P. Boggs
Air Safety Investigator
National Transportation Safety Board
Office of Aviation Safety - Eastern Region

Date: 11/2/2021 @ 1400 EST (approximately this date and time)
Person Interviewed- Patrick Blount - son
NTSB Case Number: ERA22LA031

Narrative:

Mr. Patrick Blount was interviewed by telephone.

Patrick stated his father purchased the airplane in January of 2021 and he thought his father had about 400-500 hours of flight experience.

He also stated that his father had problems finding airports during the day and was worried about him flying at night. He further stated his father was not supposed to fly at night.
