NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I was on an IFR flight plan from KMUL to KVDF which I canceled roughly 8 miles north of KVDF and was instructed to squawk 1200 with frequency change approved. I changed to the CTAF frequency and obtained the AWOS information. As I remember, the AWOS was reporting variable winds from 110 – 170 at 8 to 12 knots. Given that KVDF has a very active flight school, there were numerous planes in the pattern with pilots reporting landing and taking off on both runways 5 and 18. Given the winds, I entered the downwind pattern for runway 18 and made the appropriate radio announcements of my intentions. At the point of deciding to utilize runway 18, I was west of KVDF and turned to the northeast then south to set up for a 45-degree entry into the left downwind pattern for 18. I centered the aircraft to the runway line and utilized left aileron and rudder to maintain the centerline give the left crosswind. Touchdown felt relatively smooth but immediately thereafter the left wing dipped, and the ground loop began. At that point, I tried to initiate a go around and added full power, the aircraft must have lifted off the ground, but I was unable to straighten or level the wings and the aircraft remained in the left turn. The aircraft cleared the grass area between the runway and the taxiway but the right main and aircraft slid into the ditch on the left side of the taxiway for runway 18.

There was one witness to the incident, but I do not know his name. He informed me that he happened to be observing my landing because he also owned a taildragger. The witness said my approach and touchdown looked fine but suddenly, the turn or ground loop ensued. He did say that he heard me increase power.
