Re 47BP accident 5-23-2022

I went to KPIE to fly my plane as the annual was done. Clear sky and light winds

I did the preflight according to the check list prepared by my instructor

My mechanic Jay Nightingale checked the tires, oil and fuel as well as repairing the air conditioner and completing the annual

I checked all of the controls for flight and all were working normally

The engines started as usual with good oil pressure and RPM

I turned on the AC to see if it was working and increased the RPM

I held the plane in place with the brakes which held well

I let the plane move forward and used the brakes to stop- brakes worked well

I got the ATIS at KPIE and requested and ILS and RNAV but was told the radar was out

I took off on runway 18 and turned to heading of 270 and raised the gear normally

Tampa approach said without radar KPIE was not allowing practice approaches

I asked for an ils at Brooksville RWY 9 and was told that would be a tailwind approach

I decided to land at KPIE full stop and called the tower at st pete

I was cleared to land on runway 18 and after touchdown I applied the brakes and could not stop the plane

I pumped the brakes and continued to apply heavy pressure to the brakes, but the airplane failed to decelerate

When I applied the brakes, the pedals gave no back pressure

I considered turning into the grass to the east (might flip the plane)

I considered turning to the west but could hit other aircraft

I considered a go around but was did not think that was wise

I considered straight ahead to Ulmerton Road and that may injure others

There was a chain link fence to the left, east, and I turned toward the fence and it stopped me, collapsing the nose gear

A passerby came across the fence and sprayed the aircraft with a handheld fire extinguisher. I saw no sign of a fire and asked him if there was a fire. He said the aircraft was on fire. I opened the passenger door, and exited normally. I phoned my mechanic who was at his shop on the field and he came

immediately. He and I walked around the aircraft and neither of us saw any evidence of a fire, either on the underside of the aircraft or on the surrounding grass.

I have a small scratch on my right leg otherwise I am not injured
