

RECORD OF INTERVIEW

Daniel P. Boggs
Air Safety Investigator
National Transportation Safety Board
Office of Aviation Safety - Eastern Region

Date: 8/23/2022 0930
Person Interviewed- Donald Hill – Pilot
NTSB Case Number: ERA22LA377

Narrative:

Mr. Hill was interviewed by telephone.

Mr. Hill stated he was landing later in the evening and the sun was low in the horizon. He stated that while he was on the downwind for landing, he heard another pilot state he was departing the runway. As he turned for final, he stated the sun was in his eyes and he could not see very well. once he touched down on the runway, he noticed another airplane right in front of him and he veered hard to the right to miss the airplane. The airplane veer off the runway lights causing substantial damage to the leading edge of the right wing.

The pilot stated there were no mechanical issues with the airplane.
