

Millicent Hill
Aviation Accident Investigator
AS-ANC

Date: June 26, 2024
Subject: No NTSB 6120 form received
Contact: Carlos Llorente, Pilot

The NTSB 6120 Accident Reporting Form was sent to Mr. Llorente following the accident. He initially responded that it had already been turned in and submitted. After a second follow up request for the 6120 he stated "Other than my name, a description of the accident and the type of lane, there is not a lot I can complete in this form as it was not my plane and I don't have any access to the information."

After a third request for the 6120 form he responded "I will complete as much as I can but right now I can not even confirm that this is the correct tail number."

As of 6/26/24 no 6120 has been received.
