On Tuesday, October 18, 2022, at 11:07 a.m., I called the Springfield Robertson County Airport via phone at [REDACTED]. I spoke with Len West, who stated he provided 12 gallons of fuel to the accident plane at 6:28 a.m.

After learning of the accident at about 9:30 a.m., the airport pulled two fuel samples from their tanks. Both showed no contamination. He will be providing copies of the accident plane's fuel purchase receipt and excerpts from the airport's daily logs via email to me.

The airport also offered video of the fuel samples and tests being conducted.
