1520 Atlanta Center (ZTL) called Montgomery South Radar Position (S) with a possible emergency inbound. ZTL controller asked if S had any weather information for Alexander City (ALX).

1521 S called ZTL with weather for ALX. ZTL asked for a point out on N74586 descending out of 4,500 feet for ALX. S approved the point out.

1527 ZTL called to inform S that N74586 might be calling due to losing radio communications. S asked what the aircraft's issue was. ZTL reported that the aircraft had a rough running engine and wanted to land. ZTL advised the aircraft that the weather at ALX was bad and that communications were lost prior to issuing a turn towards ALX. ZTL supervisor called S to verify that S had the information about N74586. S reported that they had a non-ARTS track. The ZTL supervisor requested a down time if S got ahold of N74586.

1529 S attempted to make contact with N74586. N74586, No response.

1530 S solicited N5976R to fly over ALX to check on the status of N74586. S requested that N5976R switch to ALX CTAF frequency and attempt to contact N74586. N5976R switches to CTAF.

1531 S transmitted in the blind to N74586, and advised if they could hear the transmission to contact S frequency 124.0 or ALX CTAF. N74586, no response.

1532 N5976R returns to S frequency and stated "No Joy" on reaching N74586. ZTL called S and asked if they ever had communications with N74586. S responded with No, and reported that they couldn't take the hand off on the STARS display because there was no target displayed. S reported that they had an aircraft that they were taking over the top to see if they could see anything. ZTL said that they lost communications before they could turn N74586 toward ALX. S reported seeing N74586 lined up on final for ALX before losing everything.

1534 S requested N5976R to change to ALX CTAF and try to contact N74586. N5976R changes to ALX CTAF.

1535 S attempted to make contact with N5976R. N5976R, no response.

1536 S advises N5976R that there are reports of a crash at ALX and makes an alternate plan to avoid ALX. No further transmissions pertaining to
