Mr./Ms. _____ was asked to tell in his/her own words what happened.

Mr./Ms. _____ stated the following:

About 4:50 PM Local I was getting ready to go home for the day. I heard an airplane start up and begin taxiing. I walked out to see who it was. I saw it was Jack Summer in his Ecoupe. I was surprised to see him and airplane flying since I can not remember the last time he flew it. I stay outside and watched it taxi and take off. During taxi, I noticed the engine misfiring. Not bad, but it was misfiring. During takeoff roll the engine sounded normal. During climbout, I noticed a very shallow climb. Maybe 50-100 FPM. I watched the plane until I lost sight and never saw it above approximately 600-700 feet. I went home which is a 3-4 minute drive. As soon as I walked in the door, I got a call that there had been a crash.

The above statement was given to me by _____, and is correct and accurate to the best of my knowledge.
