Around 150 hours tt  
About 25 hours in type  
A few weeks before the incident  
This was my first airplane I have owned with a tail wheel.  
Cam headings  
[REDACTED]

Sent from my iPad

Help me out, sir. I need answers to the following:

1. How much total flight experience do you have? You listed only pilot-in-command time.
2. How much flight experience do you have in the accident airplane make and model?
3. When did you receive your tailwheel endorsement?
4. How much tailwheel flight experience do you have?
5. Who is your tailwheel instructor, and what is his/her contact information?

I hate that it is incomplete but done to the best of my available information. More than willing to help in anyway I can. Unfortunately all the information I need is halfway across the country.
