REF: Statement of Captain Pervez Khan regarding incident on N404PJ dated 04/09/2023

Dear Inspector Torrent:

On Sunday, 04/09/2023 coming back from Nassau around 4.00pm I was cleared to land at 10R runway at FLL. It was VFR condition. Had rain earlier and showers around and approach end of runway 10R.

I made a short approach to avoid going into rain cloud approaching the runway. Landed approximately between J5 and J7 Taxiway intersecting runway. As I touch down on wet runway and try applying brakes lost left brake function. Aircraft started skidding. To avoid that I tried to cross control to compensate for loss of brake on left side. Aircraft kept on skidding. So I decided to ease up on right brake and reduce cross controlling. While taking these steps I reached at the end of runway and went over the EMAS floor at the end.

I had 6 passengers in the plane. No one suffered any injuries. Fire department asked them if they need any help or have any injuries. Reply was No.

Made the same statement Verbally to inspector Mark Fisher and Inspector DelValle on 04/09/2023

Immediately informed my POI and PMI via email of this occurrence.
