

Eric Alleyne
ASI
ERA-AS

Date: [8/18/2023]

Subject: [ERA23LA339, accident damage discussion]

Contact: [Michael J. Reichert, FAA inspector]

During a conversation with inspector Reichert, he said that the pilot did not report any mechanical anomalies. He sent pictures of the accident airplane, and we agreed that the airplane was substantially damaged because of the accident. He said that the pilot stated that he experienced a gust of wind that caused him to lose control of the airplane.
