

Eric Alleyne
Air Safety Investigator
AS-Eastern Region Aviation

Date: 5/25/2025

Subject: ERA24FA102, ADS-B data summary

N5520P ADS-B data flight time summary.

ADS-B flight track data indicated the airplane accrued approximately 3.95 hours of flight time between the January 19 fueling and the accident flight. (See Chart below)

Automatic dependent surveillance-broadcast (ADS-B) data also showed the airplane departed runway 36 and then began a turn back toward the runway, with the recorded data ending during the turn.

OP ID	Start Time	Duration	
539431357	01/31/2024 19:25:51	0:00:43	
539416434	01/31/2024 17:45:19	1:06:19
