The following aerobatics cards were provided by the pilot's spouse via email on October 21, 2024. She reported that "he may have made some final tweaks to the airshow sequence but this one attached was very similar to the final airshow sequence." She continued that "I know he was practicing the airshow sequence, but I don't know if he was working on a specific figure or starting the sequence from the beginning." She stated that she "had just laminated it for him that morning and he had it in the plane with him."
