

Ryan Enders
Aviation Accident Investigator
Eastern Region

Date: October 2, 2024

Subject: ERA24FA397 Security Camera Footage

Contact: Michael Dail, Dare County Schools

Mr. Dail contacted the NTSB regarding security camera footage that captured N1281F flying overhead on the downwind to Runway 21 from 17:16:46 before visual is lost at 17:17:11. The airplane could not be seen turning base to final or the final approach. Visible smoke from the accident scene appears at 17:20 and is travelling to the East South-East, towards the ocean. Page 2 shows an image depicting the camera's location in relation to the described events.
