

04 Nov 2023

I miss. Aayushi. Mahendra. Sawant, a Student of the pilot Training Center Homestead. I flew a Cessna 172 N140FS on 25th Oct from 12pm to 2pm with my instructor, a David Vega, and I found the aircraft Airworthy. Also, there weren't any airframe or engine problem during the flight.

Aayushi. M. Sawant

To whom it may concern,

Sir / Madam,

I Akshita Singh, a student pilot from Pilot Training Center Hornsked flew N140FS on 25 October 2023 from 8am to 10am with my instructor, Preet Patel. I did not face any difficulty while flying the aircraft. All the instruments were working properly and the aircraft was in good shape.

Akshita Singh

To whomsoever it may concern

November 1st, 2023

This is to state that I Burzin Pistorji student at the Pilot Training Centre Homestead attended my flight training with instructor Mr. Preet on the October 30th of 2023 from training 1400 to 1600 in the aircraft with tail number 14140FS. During that flight the aircraft operated normally & we faced no issues in our training with the aircraft.

Burzin Pistorji

I, DHRUV MARUT JAIN, certificate Number [REDACTED]
confirm that, under the supervision of my
instructor Preet Patel, flew cessna 172M
whose tail number was N140FS, the aircraft
was in airworthy condition on October 28th, 2023
between 12pm to 1pm^{from X51}. Throughout the flight,
there were no signs of instrument failure or
any other issue that could compromise the
safety or performance of aircraft. As a
commercial pilot actively engaged in multi-engine
training, I undergo rigorous instruction and
adhere to aviation regulation with utmost
care.

Thankyou.

DHRUV MARUT JAIN

I am Yogeta Rajpoot, a student at Pilot Training centre, Homestead.

On 30th October 2023, Jasmine and I came to Eshaan's house after school for a group study session. Umair, Aaditya, Jasmine and I studied till about 11:30 PM. Umair asked Eshaan to drop us back home on his way to X51 for his flight. On our way back, we were talking about flying in general. We talked about different stages of PPL and how this training has been throughout as he's my senior. I thanked him for dropping me home and told him to have a safe flight.

To whom it may concern,

sir/Madam,

I Mrudini. Katare, Student Pilot from
Pilot Training Center Homestead.

On Friday 27th October 2023, I flew N140FS
from 2pm to 4pm with my instructor Sergio
Alegre. The aircraft was in well maintained
condition. Everything was running smoothly,
with all instruments and flight controls
in perfect working condition.

Thank You.

Mrudini Katare

I Sergio Alegre Gutierrez, a Certified flight Instructor (CFI#: [REDACTED] Exp: 3/24), conducted flight training on N140FS, with Student pilot Tanaya Gundaal on October 30, 2023. Training was conducted in VFR weather conditions & began/ended at Homestead General Airport. I to the best of my recollection, remember N140FS's performance to have been great; that including the performance of the two AV30's installed & overall aircraft condition.

Sergio Alegre Gutierrez,

CFI: [REDACTED] Exp: 3/24

My name is Shreya Rana. I am a student pilot enrolled in Pilot Training Center Homestead. My SPL Certificate Number is [REDACTED]

I last had a flight on C-172 N140FS on Oct. 27, with my instructor, Jack Munafò.

We had a two hour flight slot from 12pm to 2pm, in which we had an hour long flight.

We went to KTMB (Tamiami) to practice landings and radio calls and also practiced emergency procedures.

I did not see anything wrong with the aircraft while preflighting. The flight itself, went well too. The aircraft was stable and I did not see any safety issues.

Sincerely,

[REDACTED]
