Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

Light scaping on botton skins

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Aircraft was cleared for landing at Frederick Airport. Aircraft was slowed to landing gear extension speed and gear handle was activated. I proceeded to configure for landing but neglected to confirm that landing gear had extended. Upon activation of landing gear cycle the hydraulic system experienced a rupture in the filter assembly and therefore had no pressure to extend the gear. Because I hadn't confirmed that the gear was not extended I proceeded to land resulting in a gear up landing.
