

Joshua Young
Air Safety Investigator
AS-ERA

Date: 1/3/2024

Subject: ERA24LA079, Air Traffic Control Phone Call

Contact: Daytona Beach Air Traffic Control Tower Manager, Federal Aviation Administration

The tower manager for the Daytona Beach air traffic control tower returned the IIC's phone call at 0937 on January 3, 2024. The manager was asked if the facility received a call from the drone operator 15 minutes prior to the flight as is required by the COA which he was flying under. The manager stated that they had reviewed and confirmed that no call was received by the facility from the drone operator notifying them that drone operations would be commencing.
