

Ralph E. Hicks
Senior Air Safety Investigator
AS-ERA

Date: 4/17/2024

Subject: ERA24LA182, Interview with FAA Coordinator Nicholas Geiser

On 4/17/2024, this investigator spoke with FAA inspector Nicholas (Nick) Geiser, Allentown PA FSDO, regarding the accident involving N150RZ, a Cessna 150L. The accident occurred on 4/16/2024 at Sussex Airport, NJ (FWN).

His examination of the airplane revealed that both wings and the forward fuselage sustained substantial damage. He will forward photos of the wreckage showing the substantial damage.

He also obtained airport surveillance video of N150RZ that captured the go-around, airplane stall, and impact with the ground. He will forward that video along with the photos via Kiteworks.
