

Kurt Gibson
Aviation Accident Investigator
Eastern Region Aviation

Date: 12/11/2024

Subject: ERA24LA276

Contact: Michael Ferraraccio - Aircraft recovery agent

The following is a summary of a conversation with the recovery agent that had recovered N453TS from the accident site:

The recovery agent was asked if he had found the aircraft's muffler and tailpipe assembly at the accident site. The recovery agent stated that he was unable to locate the exhaust muffler and tailpipe assembly at the accident site. The recovery agent was asked if he had located the missing portions of the propeller blades at the accident site. The recovery agent stated that he was unable to locate the separated portions of the propeller blades at the accident site.
