Hi Paul,

Here's a slightly cleaned-up version of the routes, that just have the airport IDs (no lat/lons)

Good morning,

I just picked up the fatal accident near Lawrenceville, Tennessee, from around 1837 CDT on 10/31/24 or 2337 UTC. It was N8110S and Cessna 150F. Any check of ForeFlight (flight plan or weather briefing) would be great to have. I don't know the pilot's name yet, investigator heading to the scene now. Have a good day,

Paul
