

Joshua Young
Air Safety Investigator
AS-ERA

Date: 10/21/2025
Subject: ERA25FA151, Purpose of Flight
Contact: Mr. Powell's Family Friend/Contact

Mr. Powell's family friend was contacted by the NTSB, at the request of the family, and was asked if he knew what the purpose of the flight was. His response is below:

"As far as the purpose of the flight, it is the family's understanding that both the pilot, Steve, and his friend, Russ, who was also his instructor, simply had a free day to go fly. Was there instruction involved? I would assume that. Steve would not miss an opportunity to hone his skillset."
